WRAPPED BREAD NOW TO WEIGH
20 OUNCES, UNWRAPPED 24City Council Committee Decides Upon Amendments To Bread Bylaw
—Petition of City Bakers Proves Successful—Two
Standard Loaves of Bread Now.

Bakers in the city will hereafter be authorized to sell 30-ounce wrapped loaves of bread as well as 24-ounce unwrapped loaves, as the result of a special meeting of the city council this afternoon, which endorsed a recommendation of the city health committee to this effect. Therefore, the city now has two standards of regulations affecting the sale of bread, in place of the former standard which required the selling of a 24-ounce loaf, wrapped. The necessary amendment to the bylaw was brought down by the city solicitor and the readings given to make it effective.

Friday an amended by-law empowering the city bakers to make and sell wrapped loaves of 20 oz. weight without being liable to prosecution went before a special meeting of council. Previously the standard weight of the loaf in Edmonton, either wrapped or unwrapped, has been 24 oz. (1½ lb.). Under the amended bylaw the wrapper of the 20 oz. loaf must bear the name of the maker and also denote the weight of the loaf.

The weight of the unwrapped loaf must be 24 oz. as before. Under the amended bylaw, however, no shrinkage will be allowed on the 20 oz. loaf, and if at any time one of the city inspectors make a seizure of not less than four of these loaves which give a weight of less than 20 oz. for each loaf, the seller is liable to prosecution. The matter was considered at a meeting of the Safety and Health committee Friday morning, when the above recommendations were decided upon and the city solicitor was asked to prepare the amended bylaw to go before council this afternoon.

Deputation Meets Committee
A deputation of the city bakers, consisting of Messrs. C. Campbell, J. A. Haller, and E. C. Perry (Spicer's Bread, Ltd.) attended at the committee meeting and joined in the discussion.

THREE BROTHERS
IN CASUALTIES
WITHIN A MONTHMiss Grace Gibson Receives Word
Her Third Brother Has Been Wounded.

Word was received from Ottawa Friday morning by Miss Grace Gibson to the effect that her brother, Pte. A. Bruce Gibson, has been wounded. He went overseas with a popular Edmonton battalion last August, and was attached to a British Columbia unit. He is the last of three brothers to be reported casualties within the last four weeks. An older brother, Pte. Victor Gibson, was killed at Vimy Ridge and a younger brother, Pte. Irving R. Gibson, was wounded April 28th.

ion. Their side of the question is that wrapping the bread costs too much at the present time and they want to discourage the public from its use. As they would be receiving 4 oz. less weight with the wrapped loaf the bakers say that the general mass of purchasers are not so likely to ask for the wrapped loaf.

It was suggested that instead of altering the weights, that the bakers should raise the price of wrapped bread. Mr. Haller said that this would prevent the bakers from disposing of the million or so wrappers that they have in stock. They could not afford to put this stock worth some thousands of dollars, down into their basements, where they might spoil in a short time.

Food Inspectors Swail and Lord also attended the meeting, and they brought the notice of the bakers to the fact that the legally twisted and Dutch bread should be regarded as loaves and should weigh the standard 24 oz.

Mr. Perry said that the bakers did not regard them as an ordinary loaf. Very few were sold in comparison to other bread, and only to particular customers.

Had To Keep Standard
Mr. Haller said that it was very difficult to keep this bread up to any standard, as it had to be baked a great deal more than the other in order to obtain the necessary hard crust.

It was remarked the person who bought this class of bread was usually one who could afford to pay a little more, but Inspector Lord pointed out that rye bread, sold to the Galicians, was the lightest weight of the whole class.

However, the matter was left to the discretion of the health department in the matter of instituting prosecutions, the bakers saying that they were not to be side by the judgment of the department. It was stated that prosecution did not rest in the hands of the department alone, but that any citizen could prosecute if short weight was detected.

BUILDING BYLAW
WAIVED TO ALLOW
GARAGE BUILDINGNew Building To Be Erected On
Site Opposite Public Library.

The building bylaw has been waived by the city council to permit of the building of a combined stable and motor garage on 102nd street, opposite the Roberts block, where the public library is located. The applicants for permission to build were J. R. Kelly and J. H. Wood.

The application came before council on Friday afternoon and was one of the primary reasons for the calling of the meeting as the contractors wanted to get ahead with their work.

Originally the application came to the building inspector in the ordinary way of a request for a building permit. The inspector had to see and specify in a number of details, the building in question sent it on to the commission, where it failed to comply with the regulations. Commissioners, after giving consideration to the proposal, gave permission on the grounds a "stated" by the building inspector. Since then the plans and specifications have been amended, and it was with the amended application that the council had to deal.

COMING TO TOWNCouncil Grants Patterson-Gollman
Shows Use Of Hospital Site.

Council has granted permission to the Patterson-Gollman circus and wild animal show for a two-day stand on the old hospital site, or Boyle street between Kinslaine and Syndicate avenues.

The dates are June 22nd and 23rd and the prices are to pay \$5 for the use of the ground, and council decided that this money is to be handed over to the parks and market committee to be expended on any improvement work which may be afterwards done at the grounds.

In addition a license fee of \$250 is paid the city and the circus agent informed council that they also have to pay a fee of \$250 per day to the province.

Council further stipulated that in case of wet weather the heavy wagons must not be taken on the ground but can be left on the adjoining street paving.

OFFERS \$100 REWARD
FOR RETURN OF GIRL

John Wazarszewski, of Chapman, Alta., registered a complaint with the city police department and the provincial police on Wednesday, in which he alleged that a girl named Anna, his daughter, Carol, 14 years of age, left Chapman together with her mother on Saturday and arrived in Edmonton that evening. The police are desirous of learning their whereabouts and a \$100 reward has been offered for this information.

When the girl left home she took two suits of clothes with her, one of which was a blue one. She has a mark on one side of her face that is the result of a bite by a dog. Lamace is about 30 years of age and dark complexioned.

The father is greatly worried about the absence of his daughter, and is conducting an exhaustive search both in his home district and in the city in order to find some trace of her whereabouts.

DIRE SCENES
OF CORRUPTION
AND DISASTERH. H. Crawford, Paints Woeful
Picture In South
Edmonton.

Direful scenes of corruption and disaster were thrown upon the political screen at the Strand theatre on the south side when speakers in the interest of the Conservative candidate H. H. Crawford, addressed a moderately sized audience on provincial affairs.

H. H. Crawford opened the meeting in his own behalf in a brief arraignment of the government, a brevity which he promised should be duly enlarged and the criticism given a decidedly deeper tint at another meeting to be held later in the campaign. He was followed by Mrs. Clyde MacDonald and the U. G. Bury who, in lengthy dissertations, had nary a good word for the Sifton government and lauded the opposition as the purifying force in all things political within the confines of Alberta. The efficient chairman of the evening was N. C. Willson, who not only introduced the speakers, but industriously timed and led the applause.

Three Political Parties
Mr. Crawford was pleased to refer to the fact that women were to exercise the franchise, but he deplored the holding of an election at such a time and on such brief notice, while the nation was in its most critical stage of the war. He said that women should have had the franchise years ago—in fact this was advocated by Mr. Michener in the legislature at the time. In regard to political parties in Alberta there were three—the Conservatives, Liberals and Siftonites.

Only Too Tardy
Legislation which has been passed by the government to aid the farming interests Mr. Crawford did not criticize to any extent, except to remark that such measures should have been passed years before. The farm loan act should have been made when money was available at a per cent interest. Likewise true women's suffrage and hospital acts were only brought forth on the eve of an election.

Some Inside Dope
"Inside information" was confided to the audience according to Mr. Crawford, when he read from the report of the government telephone department in an attempt to show that there were thousands of telephone poles missing and that the department had made no effort to trace them. In one instance he charged that in the Camrose vicinity 132 over 1,100 cedar and tamarac poles had disappeared. He brought up again the notorious Grierson case in an effort to prove undoubted extravagance in the department. Moreover, he said, the department had not provided one cent for depreciation in the \$9,000,000 system, although the equipment and lines would not last more than half the lifetime of the 30-year debentures. Even the sinking fund allowance had not been put aside until recently, and he pointed out that the system in permanent good shape he claimed that only \$56,533 had been thus spent during the last eight years.

Mrs. Clyde MacDonald would concede no credit to the Sifton administration for giving the votes to women, a step which she was glad she had lived to see taken, however she argued that the time was ripe for the equal suffrage and that it was not intended until it was forced on the government. "I would rather have thought," Mrs. MacDonald declared, "that the women had never received the franchise than that they should use it to return a corrupt government to office."

Time Inopportune
"The time is not opportune for an election," said the speaker, "when the men are busy in the fields on the farm and women not only have housecleaning to do but must see that the children are ready for the school examination."

An exceedingly prominent question mark was hung over the factory act by Mrs. MacDonald who thought that by crowding out inefficient girls from the factories she would send more girls to the streets. Also she displayed a deep concern for the welfare of the manufacturers' affected, insisting that girls should be required to have a year's training before being permitted to take employment in such places of business.

"Mayor Henry in praising the Sifton railway policy says there were not many railways in Alberta until after the Liberals started their guarantee policy in 1906. For the matter of that there were not many railways in America when Columbus discovered it in 1492."

Graft and Corruption
A. U. G. Bury was particularly severe in his attack on the Sifton administration, charging graft and corruption at every turn.

After slating the government ministers for heavy travelling charges; taking away any credit for good legislation; and criticizing Mayor Henry for going back on the Conservatives who supported him in 1914, Mr. Bury made an extended argument for civil service reform, which he contended could never be obtained from the Sifton government.

WALTER M. SMITH
DIES IN FRANCE

Word has been received by Mrs. D. McLean Smith, 7027 53rd avenue, of the death in France of her son, Walter M. Smith, who enlisted with a forestry battalion. Word was recently received that he was ill with pleurisy and it is thought this was the cause of his demise. He was only 18 years of age and was born in Glenlyke, Inverness, N.S.

CITY CONTRACTOR
KILLED IN ACTIONJohn Mason Who Left Edmonton
Last Fall Has Made Supreme
Sacrifice.

Mrs. Mason of 10214 37th street has received word of the death of her husband, John Mason, who was reported as killed in action on May 17th. The late Mr. Mason was a resident of Edmonton for ten years and was engaged in the building contracting business under the firm name of Mason & Waddell.

His partner being now at the front. Mr. Mason enlisted with an Edmonton battalion under Lieut. Col. Belcher and was transferred to another battalion in England. He was engaged for some time in carpentering work at the rear of the firing line, and the last letter received by his wife, dated April 29th, indicated that he was in no immediate danger. In addition to his wife he leaves a little boy.

Pte. Hugh Gilland
Mrs. George Sutherland, of 11425 Victoria avenue, received official word on Thursday notifying her of the death of her son, Pte. Hugh Gilland, who was killed in action on May 17th. Pte. Gilland enlisted with a Victoria regiment of mounted rifles August, 1915. Prior to enlisting he was engaged in farming near Brandon. He leaves two sisters, Miss May L. in the Alberta telephone department, and Miss Mabel, at home.

"NEW MEMBERS" TO
BE HONORED BY
BOARD OF TRADE

"New Members' Meeting" is what the big special meeting of the Board of Trade, which is to be held at the Macdonald at 2:30 on Thursday, is called. The title has been selected because the meeting is being held in honor of the large number of new members who have recently joined and a special invitation to all of them as well as the other members to be present. Several novel features have been provided for the program. The gathering will probably be held in the large dining room in order to accommodate all those who desire to attend.

Heavy Fines Are
Threatened For
Auto Speeders

Magistrate Barclay Says He Is
Going To Punish Convicted
Heavily.

Magistrate Barclay announced in the court Friday morning that from now on all fines for speeding will be increased in amount. He sent a request to the chief of police to warn the general public to this effect.

This warning was given out when he issued a fine of \$5 and costs against J. K. McLean and E. E. Brewer on charges of speeding. Speaking to the defendants he said: "Hereafter there must be a better observance of the Motor Vehicles act."

When strict car conductors are about to pass a car on the street rush past at a high rate of speed to get past before the car does not come to a stop.

"That is just as much a breach of the act as driving recklessly. I have had stopped. I hope that if you are inclined to drive recklessly you will mend your ways. The streets are becoming altogether too dangerous for the children."

Another mystery
NEAR ENTWISTLE

Another mystery has developed in the Entwistle neighborhood. The provincial police are now investigating the circumstances surrounding the burning to death of Charles Barber, a farmer who lived fourteen miles out of Entwistle.

Attracted to the farm by the poor condition of the stock three neighbors found the charred remains of Barber among the ruins of his shed. Barber has been considered as a wealthy man and it has been stated that he always carried a large amount of money with him at all times.

Whether he was murdered and the shack was fired no person in the district will make a guess, but in view of the recent affair through which Peter Caspary is facing a charge of murder it seems to make the citizens fear that another murder has occurred in their midst.

It is pointed out that the shack was small and if uninjured Barber should have been able to make his escape in case of fire. The police are of opinion that if the fire commenced near the door Barber might easily have been smothered to death before he could make his escape, as the shack, which was well dried out, would burn very rapidly.

Notice to Union Labor
The Democratic Assn. of East Edmonton wish to announce that the first meeting of the meeting in the East End Park on Sunday, May 20, (and ALL succeeding Sunday afternoons) will be held at the Prince of Printing House, and through no fault of the Association nor of their candidates.

As a matter of fact this job was refused to a supporter of Joe Clarke's simply because this man could not put the Union Label on the Bull. Therefore that is NOT a good reason or excuse to refuse.

SAFETY ZONES
ARE SUGGESTED
BY AUTO CLUBDeputation Waits Upon Commis-
sioners With Some Traffic
Suggestions.

Safety zones for the use of street car passengers; the regulation of speed of automobiles on bridges and their approaches; street car conductors and motormen to have the power of constables in regulating traffic at junction points; danger signs on extension loads; "go slow" signs at dangerous spots; bicycles to be licensed and the speed of cyclists to be controlled and improvement of the road to the golf links. These are improvements which the Edmonton Auto club wishes to see instituted in the city.

A deputation from the Auto club consisting of J. A. Brookbank, president; A. W. Chailand, E. E. Chauvin and A. F. Blackburn, secretary, lately waited upon Commissioner Harrison and discussed the above proposals for the better regulation of traffic in concrete form and submitted to council for consideration.

Zone of Safety
With regard to the safety zones for use by street car passengers the Auto club proposes that at points on the Auto club where the traffic is congested the speed of all motor cars on bridges shall be reduced to 10 miles per hour and on approaches to bridges not to exceed 15 miles per hour.

Conductor Constables
As for street car conductors being given the powers of constables, it is urged that this will greatly facilitate progress at junction points, also that the motormen could signal auto drivers when they may proceed at places where no point man is stationed.

Danger stops on extension loads is considered a very necessary precaution in dark spots and at night could easily be driven into the rear of a wagon carrying a load of long pipes or lumber without being aware that there was anything immediately in front.

"Go slow" signs are particularly asked for at the corner of Jasper and 117th street and at the corner of the Boulevard and Kirkness. There is also a bad corner at 127th street and Stony Plain road, and the club asks if something can be done in the way of improvement.

Bicycle Licenses
The question of licensing bicycles is one which has already been before council and no action was then decided upon. The club now wants it taken up again, as with the increased number of bicycles in the city, it is considered that they should contribute revenue to the city. Also that the interests of the safety of the riders and the general public, the speed of cyclists should be subject to control.

Then there is the road to the golf links. The provincial authorities have already stated that they are willing for a road to pass through a part of the parliament buildings grounds, and the Auto club wants to assist the council in carrying out the project, so that there may be a satisfactory approach to the park.

LOCAL COAL MEN SAY CITY IS
IN DANGER OF COAL FAMINEBigger Demands Than Ever Before Are Being Made This Season
Because of Miners Strike in South and Shortage in Eastern
Canada—Stock Early Is Warning Issued by Dealers and Gov.
ernment.

That Edmonton is in grave danger of a big shortage of coal next winter is the opinion of local coal men who have been investigating the situation both in Alberta and in Eastern Canada during the past few days. With the coal miners on strike in Southern Alberta and the United States making immense demands on Eastern Canada for coal owing to the necessities of the war there is a certainty that Edmonton will be called upon to supply a bigger market than at any previous time in its history.

In this connection H. C. Anderson, a well known local coal man, has shown the Bulletin a letter which he has just received from the Deputy

Minister of Mines at Ottawa, R. G. McConnell, who writes as follows: "I am in receipt of your communication of May 4th re coal situation in Manitoba, Saskatchewan and Alberta. The way things are looking now, a coal shortage next winter, not only in Manitoba and Saskatchewan, but in Eastern Canada also is very probable. It would certainly be advisable for consumers to fill their bunkers as early as possible from any source offering."

"We have detailed a man to investigate the situation and expect a report from him shortly. As soon as we receive it, we will be in a position to speak definitely and advise in regard to measures of relief."

BARBERS ASKING
SHORTER HOURS

The city solicitor has been instructed to prepare a by-law in accordance with the request of the city barbers for regulations enforcing shorter working hours and as soon as the by-law is ready it will be formally passed and enforced.

Council considered the application on Friday afternoon, and as the barbers claim to have the requisite percentage of signatures to their petition, and no objections having been forthcoming, the only course is to proceed in accordance with their requirements. The hours asked for are from 8 a. m. to 6 p. m., and from 8 a. m. to 10 p. m. on Saturdays and the days before holidays.

SINKING FUND BUYS
TREASURY BILLS

The sinking fund board is to purchase unsold treasury bills amounting to \$718,000 belonging to the city, this arrangement being sanctioned by the council.

The Imperial Bank advanced a loan of \$600,000 on the strength of these bills on the understanding that sufficient taxes would be realized from the tax sale to pay the loan in full, but by this means the loan has only been reduced to \$148,000.

As the city will shortly have to offer the treasury bills for sale against 1916 taxes, it is considered that a reduction at the present time might affect the market in respect to the further sale.

PERSONALS, MEETINGS, CLUB ACTIVITIES, WEDDINGS AND SOCIAL EVENTS.

The theory examination of the Associated Board of the Royal Academy of Music and the Royal College of Music, which had to be postponed from April 28th, will take place on Saturday, June 2nd, at 9.30 a.m. in MacKay Avenue school.

Mrs. W. G. Atkinson is improving nicely from her recent illness and it is expected that she will be able to sit up next week.

Mr. and Mrs. J. H. Lines, Prof. Gault, of the university, Mr. D. W. McDonald and Mr. G. H. Graydon who left on Monday to attend the drugists convention at Calgary, returned to the city Thursday night.

Mr. John Ross, of Vancouver, who has been the guest of Mr. and Mrs. Holly Ross for some weeks, returned to his home this week.

People Whose Kidney Pills Dodd's Kidney Pills Have Cured.

Mr. Levy, of Liverpool, N.S., Tells How They Fixed Up His Back and Other Symptoms of Kidney Trouble.

Liverpool, Black Point, Queen's Co., N.S., May 26th. (Special).—With his pain in the back all gone and his other symptoms of kidney disease no longer troubling him, Mr. Charles E. Levy, a well known resident here, is spreading the good news that Dodd's Kidney Pills are the right remedy for kidney trouble.

"Yes, I am feeling quite well again," Mr. Levy says in an interview. "I know Dodd's Kidney Pills have done me a great deal of good. I was much troubled with pain in the back and I knew from my other symptoms that the kidneys were the cause of my trouble."

"I used pills I got from the doctor, but I only got worse. So I sent for Dodd's Kidney Pills. They fixed me up. That's why I advise all sufferers from kidney trouble to use Dodd's Kidney Pills."

If you haven't used Dodd's Kidney Pills ask your neighbors in every neighborhood you will find some one Dodd's Kidney Pills has cured.

Prime Baby Beef

We are offering the city butchers for the next few days a bunch of extra choice calves, ten to twelve months old, that have been grain fed since being taken from the cows last fall.

These calves were fed specially for the Eastern trade, where they command a higher price than stall fed steers.

Baby beef is just as young and delicious as yearling lamb, and not so expensive as Lamb, Pork, Veal or Poultry.

One special advantage about baby beef is that the front quarter cuts are about as tender and good as hind quarter cuts of prime steer beef, and more economical.

Another feature, the cuts are a very desirable size for this season of the year, and not wasteful.

Mrs. Moir and family are spending the summer at Regina with Mrs. Moir's parents, Mr. and Mrs. Chatwin.

Mr. and Mrs. F. G. Hay Roe are leaving the city shortly to reside in Toronto.

Mrs. Hunter, formerly Miss Leroy, who was matron for four years at Hay River mission school, spoke at the meeting of the Diocesan board this afternoon. Mr. and Mrs. Hunter leave on Monday for the north.

Mrs. G. A. Miller is visiting her daughter, Mrs. Harold Dean, at Lloydminster, for a week or so.

Miss Winona McIntosh is visiting in Calgary for over the holiday returning to the city Monday or Tuesday.

Mrs. H. Eugene Coleman entertained very informally at a bridge party on Friday for Mrs. Hugh McMillan, of Cowley, Alta. The well appointed home was a delightful spot for a cozy party, and all the guests enjoyed the hospitality of their charming hostess. The guests included Mrs. McMillan, Mrs. Harold Van Allen, Mrs. Everett Cameron, Mrs. G. E. Measam, Mrs. H. W. Masters, Mrs. A. C. Matheson, Mrs. J. H. Lyons.

At the meeting of the Diocesan board in All Saints school room on Friday afternoon, Mrs. H. G. Nivin was made a life member of All Saints W. A. The money is to go to the fire sufferers in the Moosemen district in Ontario which district was so devastated by forest fire last year. The life membership was in memory of Mrs. Nivin's husband, Mrs. Hunter Gowen, the oldest member of the auxiliary, pinned the badge on. Besides the regular business of the board, Mrs. Hunter, who was Miss Leroy of the Hay River Mission school, gave a most interesting description of the life up north, and principally in and about the mission of which she was a teacher for four years.

A few ladies of St. Faith's church serving tea for wives and mothers of men who have gone overseas on Tuesday, May 29th, from 3 to 5 p.m. in the church room, 3221 Alberta ave. Any living in this part of the city who have not received invitations are welcome to come will be most welcome.

The program for the concert on Monday night at the Great War Veterans' association will be given by Mrs. Bowerman, contralto; Miss Elliott, soprano; Mrs. Craig, pianist; Miss Gertrude Trotter, reader; Mr. Allen Wilson, tenor; and Mr. Stanton, baritone.

At the Great War Veterans' association club room, the girls of the W. C. A. entertained the returned soldiers, Friday night to a very enjoyable evening of cards, dancing and music. Nearly one hundred and fifty attending and a very happy time was spent. A delicious supper was served after cards had been indulged in for a couple of hours. Fortune telling was carried on in booths erected for the purpose and many of the girls took turns in playing for those who wished to dance. Altogether it was a most happy affair. Those who did not care for dancing and cards found games to their liking of billiards and other things. The girls made excellent hostesses as the guests assured them over and over on leaving.

The demonstration of first aid being given in the city for the benefit of the public shows the necessity for its acquisition and its value in civil life as well as in warfare. It is interesting to note that even in South Africa members of the above organization have been called to succor those colonials assisting the empire in that far off continent. The progress made

Don't Hide Them With a Veil: Remove Them With the Othline Prescription

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by the best drug stores under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othline—double strength and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength othline; it is the only one sold on the money-back guarantee.

in India is also remarkable, considering the obstacles to be overcome.

In the Imperial parliament on March 1st attention was called to the splendid work being done by members during the present campaign, one M. P. saying how deeply indebted the government was for the valuable services rendered. There are now 225 St. John hospitals, with accommodation for 11,500 patients, and this accommodation is being rapidly augmented. Another proof of the value of the bridge work, and as there are already two ladies' nursing divisions in the city it is to be hoped that the men will not be behind in this noble work.

Dr. Colwill, as divisional surgeon, is taking a class on Monday evening, at 7.45 p.m. in the Y. M. C. A. building, and all those desirous of joining should communicate with the secretary pro tem, Mr. Lucas, care of The Credit Foncier B. C. city.

The work embraces first aid, nursing and hygiene and sanitation, and further work will be taken up as far as it is possible for a layman to go.

There will be a rummage sale under the auspices of the Social Service Home Auxiliary on Friday, June 1st, at the store next to Banford's Piano Company, 37th street.

The following is the musical program for the MacDonald on Sunday, June 3rd, at 2.30 p.m.: Overture, "Mireille"; Gounod Fantasia, "The Pearl Fishers"; Bizet, "Waltz, 'The Call of the Woods'"; Tyres, "Requiem"; Debussy, "Selection, 'The Swan'"; Roberts, "God Save the King".

Earl C. Hill, music director, Music in lounge room, 8.30 to 10 p.m. Empire Day celebration at King Edward School was a delightful success. Mr. Marion, the principal, presided. The program was interesting and varied and was listened to by the pupils and a great number of visitors. Mrs. James Douglas, representing the Social Service Home chapter, L. O. D. E., was present and gave prizes to several of the pupils, one of particular note being to Miriam McDonald for her essay on "Did Lloyd George, Mr. Harold Watt give a delightful and interesting patriotic address, after which a pleasing feature of the program was the presentation of a beautiful bouquet of white carnations by Miss Isobel McLellan. The patriotic songs, choruses and folk dancing were under Miss Wilson and the drill by Miss Margaret Bowen delighted the audience by her singing "We'll Never Let the Old Flag Fall". The singing of the national anthem brought this part of the program to a close.

On the school grounds the senior company of cadets aided by junior officers under Capt. Edgington performed cadet drill, signalling and first aid work in exceptionally fine manner, closing by giving three cheers for the king. The visitors then adjourned to the tea room, which was under supervision of Miss Durand, assisted by other teachers. The home-made candy and other refreshments received a large share of attraction. A booth of art work by senior pupils was conducted by Miss Walker, assisted by enthusiastic helpers. The grade eight, where a very practical side of art was successfully demonstrated. The decorations throughout the school were in harmony with the day. The proceeds amounted to over \$170. A division will be made to the Y. M. C. A. at the front, St. John Ambulance and Red Cross. The hearty thanks of the school are extended to those who kindly loaned dishes and other necessary articles, and to the parents, whose willing co-operation aided in making the day a success.

2500 Pairs of Socks Wanted June 30 for Edmonton Soldiers

This Number Is Being Urged By St. John Ambulance Working Committee.

The St. John Ambulance working committee is making an appeal to the women of Edmonton to knit more and still more socks for Northern Alberta soldiers at the front. The committee aims to send by the end of June no less than 2,500 pairs of socks to these men. The wool, which was provided for by the fund realized during the recent "sock week" of the St. John Ambulance, is pledged to be knit into socks and sent to the front at the earliest possible moment. All socks now finished are to be turned into the ambulance committee's working headquarters at McDougall's garage ready for packing, Monday, May 28th. As many more as can be finished should be brought in to the same place for packing on the following Wednesday in order to be included in the monthly report for May.

On Wednesday, May 31, an open meeting of members and friends of the St. John Ambulance working committee will be held in the McDougall garage, where reports of the various circles will be presented.

Why Conservatives Did Not Oppose Women's Suffrage Is Explained to Meeting

No Matter What Opposition's Feeling Was, Knew Act Would Have To Pass As It Was a Government Measure And They Feared The Result At Election.

About sixty women gathered in the East End central committee rooms on Mayday evening last night and organized for the campaign. Incidentally they listened to several good speeches, among the orators being Fred Duncan, the candidate, and H. H. Parlee, K. C. Mrs. J. H. Deslisle presided most capably and started the meeting by narrating her own observations of the growth of public sentiment in favor of the wider suffrage for women, from the days of the famous speeches by Elizabeth Cady Stanton and Seneca Falls to the present time, when she found herself in the possession of every right formerly exclusively held by men.

Mr. Parlee confessed that it was only within five or six years that he had been converted to the suffrage cause. He changed his opinion when he had found that women in professional and business life were proving themselves just as capable as men, and that his wife's judgment was as good as his own, if not better. The culminating influence, however, was the fact that the men of Canada had not made such an unequalled success of politics as government as to be entitled to exclusive powers.

Would Not Dare Oppose The speaker said that the Conservatives were trying to claim credit for suffrage because they voted for the bill in the legislature. The fact was, however, that not one of them, no matter what his opinion was, would have dared imperil his political existence by voting against a bill which had been introduced by the government and was certain to pass, whether they voted for or against it.

The liquor act, said Mr. Parlee, was the foundation of a great body of social reform legislation which women would be peculiarly fitted to promote. Respecting the amendments to the act which were made last winter, the speaker admitted that the mistake had been made by the government and Mr. Grant in drafting the bill. He assumed the responsibility.

Went One Better Candidate Duncan went Mr. Parlee one better when it was his turn to speak. He said he had never needed any conversion at all to woman suffrage. "I never could see why my mother should not have had the same privileges as my father, or why my sister was not as good as my brother," he asserted, and the women clapped approvingly.

Mr. Duncan went on to talk about the factory act. He declared that the reason he had opposition at all in East Edmonton was because the government had passed that piece of legislation. He insisted that Mr. Ramsey, his opponent, was opposed to the act. "I got it out of a meeting we had at the car barn," he said. "I asked him and he admitted it."

The Board of Trade Motion The speaker read a police item from an evening paper reporting the arrest of a girl for vagrancy. She had told the magistrate that she worked for the Great West Garment Co. and had received for the first week's work \$1.65. Out of this she had to pay \$1.25 for lodging, leaving 40 cents for everything else. It was the representative of the firm, said Mr. Duncan, who made the motion in the board of trade with respect to the factory act which Mr. Duncan had seconded.

"Does this mean anything to you?" he asked. The candidate also said that inasmuch as the factory act was a government measure and bound to pass, no action that his opponent could have taken would have defeated it, but that his vote in the board of trade indicated how he stood on the matter. Vote for a Resident Mr. Duncan, in conclusion, appealed to the voters to cast their ballots for a candidate who lived in the constituency and was one of the people, and not for one who lived in Capitol Hill, just as far away as he could get from the "common herd," who never was seen north of the boulevard except during a civic election, and who

Another First Aid Class Has Been Organized

Under the auspices of the St. John Ambulance Association another first aid class has been organized, and the first series of lectures will be given on Wednesday, May 30th, at the Y. W. C. A. Club Room, 103rd street. The lecturer will be Dr. R. Shearer. There will also be a home nursing class beginning on Friday evening, June 1st at the Y. W. C. A. Club room, the lecturer will be Dr. D. L. Dick, who has lately returned from the front. These lectures have been arranged for the benefit of Dr. Colwill's first aid class, as so many who attended it, wish to continue and take the course in home nursing. Those wishing to join either of these classes are requested to attend on those evenings to register their names and obtain books.

A FELLOW'S MOTHER

"fellow's mother," said Fred the wise, with his rosy cheeks and merry blue eyes, "knows what to do if a fellow gets hurt by a thump or bruise or a fall in the dirt."

"fellow's mother has rags and strings, and buttons and lots of things; and if your trousers are torn at the knee, she can put in a patch you'd never see."

"fellow's mother is never mad, and only sorry if you are bad; and I'll tell you this, if you are only true, she'll always forgive you, whatever you do."

"fellow's mean who would never try to keep the tear from her loving eye; and the fellow's worse who sees it not but his mother's the truest friend he's got!"

Provincial Law Committee of L. C. W. Asked to Submit "Principles" in the Future

Criticism of Recent Actions Is Velled In Resolution Passed By Largely Attended Meeting—Equal Property and Equal Parental Rights Are Advocated As Well As Resolution Favoring Half Interest Dower Law.

WOMEN'S PROVINCIAL LAW

A strongly worded resolution criticizing the provincial law committee for drafting up "bills" which may prove to be impracticable and unworkable, instead of putting their proposals in the form of clearly stated principles, thus making a great deal of discussion on legal technicalities unnecessary, and requesting that in future the provincial law committee be asked to present their requests to the Alberta legislature in the form of "principles" and leave the drafting of the bills to them, was the feature passed at the largely attended quarterly meeting of the Local Council of Women held in the lecture hall of the South Side library yesterday afternoon. The resolution was drawn up by the local committee, of which Mrs. Chester Gainer is the chairman, and was passed by practically a unanimous vote.

The resolutions were part of the agenda of the meeting, and were passed after some discussion and much diversion of opinion as to whether there should or could be more discussion on these subjects, though brought up and threshed out at other meetings, were still unintelligible to some.

Other resolutions submitted by the law committee and passed were:

Ask One-Half Dower

"Be it resolved that we, the Edmonton Local Council of Women, submit to the provincial law committee of Alberta the principle of a married woman receiving a dower of one-half of her husband's real estate on his death, and the use of one-half her husband's real estate during his life."

"Whereas, the apparent intent of the proposed bill is to give his wife a half share in the real estate of her husband, and to give the husband a half share in the real estate of his wife, and these shares to be undivided; and

"Whereas, there is a public recognition that a wife should be supported by her husband, and no such recognition that a wife has any moral duty to support her husband; and

"Whereas, the law recognizes the fact that a husband should support his wife by making him responsible for maintenance, debts of necessity and debts incurred by his knowledge or consent, whether tacit or actual, and there is no such recognition on the part of a wife; and

"Whereas, on account of the afore said recognized legal principle, the share of the husband under the proposed bill would only be liable to debt of necessity and consent, while the share of the wife's estate passing to the husband would be liable for any debt of the husband; and

"Whereas, the proposed bill is silent as to the mode of execution, and thus no provision is made by which a wife if she so desire, protect her issue, and thus her issue are in a worse position than without an act of the legislature."

Equal Property Rights

"Whereas, a wife would lose the benefit of many parental legacies in the way of real estate if she were to be shared with a husband; and

"Whereas, a wife in the vast majority of cases gives up, on marriage, her possibilities of earning and accumulating property; be it

"Resolved, that we, the Edmonton Local Council of Women, do not favor any principle being incorporated in any such act whereby a wife gives up any part of her separate estate; be it further

"Resolved, that we, the Edmonton Local Council of Women, do not favor any principle being incorporated in an act whereby a wife's right or share in the real estate of her husband can be barred for any reason or act other than (1) a marriage contract, which must be signed by the contracting parties before marriage, and which cannot be broken by any workings of the law after marriage (2) judicial separation with agreement as to alimony; (3) a divorce; (4) agreement in writing between the parties. All four being lawful reasons."

"Whereas, the embodying of the principles of equal parental rights in the present infant, means so many amendments to an already amended act; be it

"Resolved, that we, the Edmonton Council of Women, favor the principle of equal parental rights being incorporated in an altogether new bill."

W. C. A. Close Vote

The resolution which resulted in the closest vote was the one submitted by the Y. W. C. A., it being carried by a vote of 11 to 10.

The following resolution, passed at the last board meeting of the Y. W. C. A., was submitted:

"Whereas, the Y. W. C. A. contemplate erecting a new building which will meet the needs of the various societies of the city; be it

"Resolved, that the various societies of the local council be asked to co-operate with and support this association in creating interest in this building and in raising funds to erect a building which shall be worthy of woman's work in the city of Edmonton."

Other resolutions duly carried were:

"That the executive, duly called, be given power to deal with matters of emergency without referring to the affiliated societies."

"Resolved, that women be appointed who will act as unofficial censors of the moving picture and vaudeville theatres of this city, who will visit each theatre as early as possible in the week and who will make a report on the character of the films and performances in the newspapers."

"Resolved, that we ask the Edmonton local council to the vacant lots garden club executive."

"Inasmuch as the government annually spends vast sums of the public money furthering immigration, eagerly conferring grants of land, the Canadian land, and the franchise upon foreigners who come to Canada, while the Canadian woman, no matter how capable or how loyal and patriotic she may be, is not allowed either to vote or to homestead; therefore be it

"Resolved, that we ask the Dominion parliament to first extend the franchise to women; second, that homesteading privileges be extended to women on the same conditions as men."

Not Too Drastic

The Local Council of Women also unanimously went upon record as opposing any bill which would be too drastic in their resolution re venereal diseases in the following resolution, which was carried:

"Whereas, by the suggested amendment the diseases of gonorrhea and syphilis only are incorporated, leaving out other known venereal diseases and any which might be discovered; be it

"Resolved, that the Edmonton Local Council of Women favor the word 'venereal' being substituted for syphilis and gonorrhea."

"Whereas, this suggested amendment simply recognizes legally the disease to be contagious and infectious; be it

"Resolved, that the Edmonton Local Council of Women favor the principle involved, viz: that our first effort be to give any reason for opposition from either government or people."

Thirty-six for and none against.

Miss Bradshaw spoke most feelingly of the need of a new Y. W. C. A. building. Those assembled could not but sympathize with Miss Bradshaw in the earnest way with which she presented this worthy cause, and with her experiences in this work and her knowledge of the needs of the girls, there was much food for thought left with the earnest listeners.

Mr. Mercer also spoke in brief. He advocated the closing of stores at 5 o'clock, and also suggested that a resolution be brought before the Local Council of Women to the effect that the school board in company with representatives of any other body, send a lady to speak to the High school girls students and also send a school girl lecture to the High school boys students upon the subject of venereal diseases.

Combining Greens in Cooking

To the Editor of Woman's Page:

Dear Madam—While cutting rhubarb the other day I thought it a good idea to cook rhubarb leaves and dandelions together, as I do not like rhubarb cooked alone. But as I did not do I relish the bitter flavor of dandelions. But the greens combined are delicious. Each seems to neutralize the other.

Recipe for Strawberry Cream

To the Editor of Woman's Page:

Dear Madam—Here is a recipe for strawberry cream:

Mash one cupful of strawberries with a fork, add one cupful sugar, the white of one egg (beaten) and one teaspoonful lemon juice. Beat all together for fifteen minutes until it has the consistency of whipped cream. Spread between layers of shortcake and serve with whipped cream on top.

EDITH.

Bread Sauce

To the Editor of Woman's Page:

Dear Madam—Please print directions for making bread crumbs.

One and one-half cupfuls of milk, one-half onion, two cloves, a bay leaf, sprig of parsley, one-quarter teaspoonful paprika, one-half teaspoonful salt, one-third cupful soft bread crumbs. Scald the milk and seasonings, except the salt, in a double boiler for half an hour, strain, add the salt and bread crumbs and simmer for ten minutes.

Blouse With Suit

To the Editor of Woman's Page:

Dear Madam—Can you suggest a suitable blouse for me to wear with a carise suit? I do not want one of carise, as that color to near my face is not becoming. Also what would I have to pay for a pretty blouse and where could one be bought?

MARIE C.

Why do you not purchase a blouse of georgette crepe in flesh color or in pale gray? Either would be beautiful with carise. The price depends very much on your circumstances. One can buy these sheer blouses from \$1 up to almost any price; some are even sold at lower prices, although these would probably not wear for any length of time. Hillocks free to again accept the nomination for the House of Commons which he relinquished to become a candidate for their suffrage. And if their husbands and brothers have any proper regard to the deference honorable men are expected to demand for women, they will make Mr. Hillocks' rejection so decisive that he will not again attain the privilege of venting his reactionary views as an aspirant for a seat in the Legislature of the Province.

Conscription having turned out to be very unpopular in Nationalist circles, his newspaper friends now suggest that Sir Robert Borden should invite a few Liberals to join the cabinet and share the blame with him.

The project for raising a standing army for home defense has been abandoned, and recruiting stopped, if there was any. The time and money spent on this abortive enterprise will have to be added to the lengthening account of waste imposed on the country by the spasmodic impulses of a Government without steady decision of character.

How long is Mr. Armand Lavergne to be allowed to preach sedition and incite to rebellion? This mischievous gentleman has since the war began consistently endeavored to discourage enlistment and paralyze the military effort of the nation, with language more violent than that which has sent a thousand better men to jail. Now he is posing as the leader of an impending revolution against the attempt to implement Sir Robert Borden's undertaking to put a half million men in the field to help save Canada from the fate of Belgium. He should be locked up before he gets somebody shot.

Mr. Michener and his associates are particularly displeased with the Government for refusing to disfranchise the whole electorate of the Province and stand off the elections to some time in the indefinite but remote future. That is a peculiar and suggestive complaint to come from a party in Opposition, particularly from Opposition members who profess to think the Government so incompetent, extravagant and generally bad that it should be turned out of office on the first opportunity. Why should Opposition members be so anxious to strike a bargain with the Government, to suspend the public's right to pass judgment on the conduct of affairs, and to leave the Ministers in office for years to come? Their anxiety for a deal of the kind obviously discloses their confident belief that the Government will be returned to power. Does anybody suppose Mr. Michener would object to an election now if he thought he had any substantial hope of winning? It likewise reveals an uneasy suspicion on the part of some Opposition members, their leader perhaps included, that the dissolution of the Legislature meant the end of their representative careers. Men who think they can "come back" do not propose to suspend the electoral powers of the people and to establish themselves as political autocrats in defiance of popular rights and public opinion. But there is a more important significance than that in the plea that there should have been a party deal to deprive the electors of the chance to elect a new House at the usual interval. No Premier possessed of the political acumen ascribed to Premier Sifton could be expected to accept a proposal of that sort from his opponents except on the basis of a quid pro quo. If the Opposition were to be saved from the uncertainties of an election by grace of the Government, it could only be on condition that the Opposition members agree to modify their criticism of Government measures in return for the favor conferred. In declaring that an election should have been postponed by arbitrary act of the Legislature, and in condemning the Government for refusing to do it, Mr. Michener only advertises that he and his associates were anxious to sell out their duties as members of the Opposition for the price of two or three years' salary as members of the Legislature, and that the Government refused to be a party to the transaction.

NOT WORKING FOR WAR VETERANS

Secretary Reinhardt, of the Great War Veterans' association, asks the Bulletin to state that a man giving the name of Sergt. P. Adcock asking subscriptions for a Toronto magazine is not turning in a percentage of the proceeds to the association, as he is a leech to have told business houses where he has been canvassing.

ANSWERS

This department does not pretend to be infallible. It will endeavor, however, to answer questions sent to it by readers of The Bulletin to the best of its ability, reserving the right to ignore all that are trifling or of concern only to the questioner. To receive attention, every inquiry must bear the name and address of the questioner. This information is not wanted for publication, but as an evidence of good faith.

A Cribbage Question.

To the Bulletin: Will you please give me the answer to the following? A party contends that the following "cribbage" hands count as follows: Four fives (5) in your hand, and any jack "up," he says counts 29, (twenty-nine), whereas that I say that it counts 28, (twenty-eight), but whereas, that hand counts 28, if it were three fives in the hand, and the jack turned up to correspond with any five spot in his hand it would then be "29."

You are right in your first contention but wrong in your second. The twenty-nine count is made up of three fives in your hand with the jack also of the same suit as the card which is cut on the deck.

The Kaiser's Sons. To the Bulletin: To settle a discussion will you kindly state if there is any record of any of the six sons of the Kaiser sustaining death or wounds during the war.

It has been reported from time to time that various ones from the Crown Prince down have been killed but so far as we know there is no official German statement regarding any having died of wounds.

LEGAL INQUIRIES

Legal questions will be answered in the columns of The Bulletin, after being submitted to The Bulletin's legal representatives. Write on one side of the paper only. Be brief. Send stamped envelope for reply.

To Legal Dept., the Bulletin: In building a side fence must one consult the owner of adjoining property as to kind of fence that must be built, and must the smooth side of said fence face the next property, or, on one side, by building inside his own line, face his property on the other side? SUBSCRIBER.

So long as your fence does not encroach upon your neighbor's land you can build it any way you please.

A New Bond With Canada

From New York Tribune. Our entrance into the war should make a new bond between the Canadians and ourselves. One fraction of the Western world has answered the call of imperiled liberty; a continent on which the Anglo-Saxon settlers sought to build a new structure dedicated to humanity, justice, freedom, has sent back its first regiments to assist in preserving in Europe the ideals it has served in America. Let us trust that the new bond between our own fraction of America carries our flag to trench lines behind which, at bay, barbarism is making its final stand and tyrannical rule keeps the field. Canada has spoken—it remains for the United States to do its part.

Let's All Do Our Best

From Westminster Gazette. Nothing is more encouraging in the action of the United States than the good sense and practical energy with which she is first at all addressing herself to the ship problem as the key to all else. She has recognized that all other preparations would be more flourishes if this fundamental before our own fraction of America carries our flag to trench lines behind which, at bay, barbarism is making its final stand and tyrannical rule keeps the field. Canada has spoken—it remains for the United States to do its part.

The U.S. and Canada

From The New Republic. Of all the positive needs of American foreign policy the working out of some basis of common action with Canada is the most essential. The facts of geography, the circumstances of a common experience and similarity of institutions and ideals all help to make Canada the nearest relative and the most fruitful ally of the American republic. At the present time Canada and the United States are the only two nations participating in the war which have nothing to fear from their labors and sacrifices except political goods which will benefit all free and democratic nations no less than themselves. It should consequently be the deliberate policy of the American government to use every opportunity afforded by the participation of Canada and the United States in the same war to convert that common participation into the most immediate and many-sided practical co-operation.

A Strong Statement

From Montreal Mail (Conservative). The Drayton-Ackworth report on the Canadian Railway situation is challenged in some of its most important features by President Chamberlain, of the Grand Trunk Railway Company.

MOTHERS OF MEN

By C.A.C.

There have been deeds immortal blazoned by voice and pen. Since God in infinite wisdom moulded mothers of men. Up from the cottage hearthside to the halls of gilded state. Watch they through weal and evil, warders of wall and gate. Into the souls they fashion flames the unquenchable flame. That scorns to feed on offal or lick at the feet of shame. Into the souls they nourish, breathe they the ancient creed. That claims all men and brothers in universal need. Thus shall be souls heroic armed with the strength of ten. To serve with faith undaunted the cause of fallen men. There shall be feet unwearied to run on treacher's call. Where the shrinking naked shiver and the homeless hungry crawl. Hearts that are strong to rescue, to pardon the seven times seven. With a tender love-lit pity learned in the school of heaven. There shall be knights of honor, bold with the voice and pen. While God in infinite wisdom moulds him mothers of men.

representing the Grand Trunk as a railway system in decline and incapable of performing its duties the president of the company affirms, among other things:

That the Grand Trunk moved last year more loaded cars than at any previous period in the past five years, and that this record was maintained, notwithstanding unprecedented weather conditions, in the early months of the present year.

That provisions were made last year for nearly a million dollars' worth of new rail and that deficiencies in this respect are due to the fact that orders could not be filled owing to prior claims for munitions.

That the Grand Trunk has expended in recent years over \$23,000,000 on terminals and new equipment. These facts furnish reasonable evidence of the vitality and efficiency of the Grand Trunk Railway system. They present a situation strikingly different from conditions as set forth in the Drayton-Ackworth report—submitted in fact to more than justify Mr. Chamberlain's moderate observation that the majority report was made "without a real understanding of the situation."

AFTER TWO YEARS ITALY IS NOW IN BEST OF SHAPE TO HELP ALLIES

Italians Have Given Invaluable Contribution to Common Cause Against Enemy Since They Entered War.

Italian Headquarters, via London, May 25—Thursday was the second anniversary of Italy's formal entry into the war. Two years ago, when Italy declared war on Austria, the Russian armies, crippled for lack of war material, were being steadily driven eastward. Today the outlook in Russia once more gives cause for anxiety, owing to the number of troops recently brought by the enemy from the eastern front. These reinforcements complicated Cadorna's task, but are an added indication of Italy's invaluable contribution to the common cause of the allies. That contribution is too often underestimated.

When war broke out Italy had no army in the modern sense of the word. She had men, rifles and field guns, but not too many of the latter. Italy's industrial resources were limited and not easy of development. Italy produced no coal and no iron and the output of her steel works was small. For a year after declaring war Italy was in a position which ought to have been appreciated, especially by all Englishmen. Cadorna had to rely on the heroism of his soldiers.

Now Italy, industrialized to an undreamed-of extent after two years at war, at the front and in the factories, gives she has magnificent weapons of war.

FIRE DAMAGES THREE FIRMS IN EARLY MORNING

Blaze Starts in Big Four Office and Spreads to Adjoining Block

Fire commencing from an unknown cause apparently in the rear of 10031 Jasper Street, the office of the Big 4 Transfer Co. and badly damaged the two adjoining buildings, May 25, 1917. 10031 and 10033 Jasper Avenue, shortly before four o'clock Friday morning.

While standing at the corner of Jasper Avenue and 101st Street, Sergt. M. A. Kelly and P. C. Adams saw smoke coming from the Big 4 office and immediately turned in an alarm. The fire department were soon on the scene but the office building was of such construction which enabled the fire to gain rapid headway.

Potter and Farney, the proprietors of the Big 4 Transfer have no insurance on their office. M. Menasse, proprietor of the cabaret at 10031 Jasper Avenue, had \$1,000 insurance on his place and the Yale Shoe Store had altogether \$24,000 insurance on its stock and fixtures.

Fire Chief Henderson announced that \$4,000 will cover all the damages. The damage to the boot store was largely from water and would not amount to as much as that suffered by the restaurant. There was very little else besides office furniture in the Big 4 Transfer office.

PIONEER FARMER GOES BACK TO LAND

Alex. McLay, pioneer farmer of the Horse Hills district, and more lately a resident of Norwood, has once again gone back to the land and with his son, Frank McLay, has been busy working in the crop on the three-quarter section farm in Rose Ridge, on the old Pat Flynn homestead, which the McLays recently purchased for \$18,000.

They have 350 acres under cultivation, of which 120 acres is already seeded and 40 acres are in timothy. Fred McLay, who is farming at N. mao, has bought another quarter in the neighborhood, for pasture for his herd of stock. Fred McLay is trading his farm in Oregon for three-quarter sections near Alx, where he has 100 acres seeded to wheat.

**WHAT THE PRESS
AGENTS SAY**

**LOSES HAIR

JOAN OF ARC**

**Geraldine Farrar A True Artist—
Many Spectacles In Remark-
able Film.**

Miss Geraldine Farrar, who has just completed under the direction of Cecil B. DeMille a filmed version of the life story of Joan of Arc, entitled "Joan the Woman," recently discussed the differences between the arts of motion picture and grand opera acting. The picture will be shown at the Empire all next week with matinees daily.

"There is something so different about creating a role for the camera and creating a part for the opera," said Miss Farrar. "The two arts are not so closely allied as one would think. With the opera there are weeks of preparation, to be sure, and then comes the premier. It is true that great latitude is allowed on the operatic stage for the development of character and to the broadening of effects. But after all, the fundamentals of the performance continue the same in its various repetitions.

"The past summer has been a revelation to me. For nearly three months many hours every day and sometimes far into the night I have watched the story develop from an idea into a massive production. I think Mr. DeMille has done wonderful things and I believe the scenario by Miss Jeanie MacPherson to be a revelation to those who doubt that along picture must rely on its spectacular features to the exclusion of its heart interest. It is true that throughout this picture there are various extraordinary spectacles, such as the battle scenes in the siege of Orleans, but one never loses sight of the central figures, her hopes, her ambitions, her disappointments and her failures."

While Miss Farrar was in California during the past summer she startled her friends by appearing at the studio one morning with her hair clipped to a length just above her shoulders. Her beautiful black locks had been sacrificed to the cause of art; the photographs herewith clearly showing to what length the prima donna went to make the picture accurately to look the part of Joan of Arc.

**"Miss Hamlet" To Be Feature of
Attractive Musical Comedy
Tabloid Next Week.**

In searching for a subject for laughable travesty, James Horan, author of "Miss Hamlet," which heads next week's Pantages bill, harked back to the fountain head of English drama, and offers a Shakespearean plot, rebuilt along fun-making lines with well wrought out and entirely ludicrous situations, with a pretty and well-known actress, Pauline Barré as a feminine "Hamlet." The story is based on the famous tragedy, and among the other characters introduced are Ophelia, Polonius, Hamlet's mother, the Ghost, and the king who slew Hamlet's father. An especially elaborate and effective setting of scenery is carried.

The celebrated dramatic actress, Lella Shaw, whose long and successful career as leading woman in dramatic stock at Minneapolis and Duluth, and other cities besides her former vaudeville appearances, made her known throughout Western Canada, will appear with her company in "A Truthful Lie," a swift, tense bit of drama telling an original and fascinating story.

Sam Howard, Jules Kibel and Sid Herbert, ten years ago, were bellhops in a metropolitan hotel. Accident and the knowledge that they sang together pressed them into service as entertainers one night at a professional banquet, when the supposed entertainers could not appear, and since then the trio have become one of the standard comedy successes of the vaudeville stage. Their number on next week's Pantages bill will be a laugh maker.

Klots and Nash will present a musical contribution, and a novel and unusual animal act. Swain's cats and rats, will also be seen. The second series of Universal Weekly and a new one-reel comedy will also be on the program.

**SARAH BERNHARDT PUT HER BEST
ENERGIES IN "MOTHERS OF FRANCE"**

**Secured Her Materials For Scenes From Shell Swept Regions Where
Present Battles Are Being Fought—Play Is a Wonderful
Masterpiece of Patriotism, Wonderfully Told.**

Madame Sarah Bernhardt today is far from being well. Advancing years are taking their toll, as they always do, and physicians who are in attendance on the greatest of all stage favorites declare that while her life can and will be prolonged her present sickness must be her last; the end might not come for months.

It is therefore fitting that her last great effort before the public should be in the cause for which her race has sent so many noble sons to their death. With the vigor she possessed she threw her energies into the making of the greatest love story ever told, "Mothers of France," of which the French government is part owner, and went into the shell-swept regions where the present battles are being fought, that she might make scenes for the motion picture camera, all of which are a part of the great war drama that will be at

the Empress theatre all next week. "Mothers of France" is not a war spectacle of bursting shells and wounded men, but a stirring masterpiece of patriotism, wonderfully told; a story that brings tears to the eyes and rejoicing to the heart, and sends on away a better man or woman for the knowledge of the goodness and greatness that there is in the human race. It tells its story with a sustained force and consistency and interest that is the height of artistry. Certainly when Le Richelin, the famous member of the French Academy, conceived this supreme feature he wrote a masterpiece and under the direction of Louis Mercanton it has been given a masterly production. Among the big scenes is one made in front of the great cathedral at Reims, the edifice being bolstered up with sandbags to keep it from collapsing as the result of the damage done it by shell fire.

**"JOAN THE WOMAN" GREAT FILM
SPECTACLE AT EMPIRE NEXT WEEK**

**Famous Picture Produced by Cecil B. DeMille in Eleven Reels With
Geraldine Farrar and Fine Supporting Company—Twenty
Piece Orchestra Will Play Special Score of
William Furst.**

A motion picture that can be exhibited for two weeks at the Walker theatre in Winnipeg must have a "punch" and an appeal or it would never get past the first week. "Joan the Woman," which will be presented at the Empire theatre all next week with matinees daily, is one of those rare motion picture features which can actually be presented two weeks and leave audiences in a satisfied mood.

In presenting this epoch-making film to the public of Edmonton, Manager Benson of the Empire theatre, is satisfied that they will see something well worth while with a musical score that is tuneful and blends well with every scene in the photoplay.

Geraldine Farrar, the opera singer who has won fame at the Metropolitan and Manhattan Opera Houses, New York, and has subsequently achieved two or three unusual triumphs in the film world, is seen in the role of Joan of Arc in "Joan the Woman." Those who remember her work in "Carmen" and "Maria Rosa" here will anticipate with considerable pleasure her appearance here next week in "Joan the Woman," the eleven reel feature directed by Cecil B. DeMille.

The supporting company for Miss Farrar is one that contains several really famous names, including Theodore Roberts, America's greatest character actor; Wallace Reid, who will have the role of Eric Trent; Raymond Hatton, as King Charles VII.; Hobart Bosworth, as General La Hire; Charles Clark, as La Tremouille; Tully Marshall, as L'Oiseleur; James Neil, as Laxart; H. MISS CLARK**

**"The Valentine Girl" To Be Ex-
hibited at Monarch Theatre
Next Week.**

An exceptional combination is the order of the day in "The Valentine Girl," the latest film feature being presented by the Famous Players Film Company at the Monarch theatre next week—a plot that is technically perfect and a leading role that fits Marguerite Clark as well as any she has ever played. Miss Clark's winsome personality lends itself particularly well to child impersonations and yet is a "grown-up young lady" she has certain charm of manner seldom ever equaled on the screen.

In "The Valentine Girl" she is called to combine the two in her own inimitable fashion and has produced a character that will greatly endear itself to the heart. Little Marian Morgan, a wistful, quaint little figure standing in the door of the father's home while he finishes his game with some fellow gamblers, is a pathetic little person that somehow wins her way even into the hardened hearts of perpetual sinners.

Director Dawley was greatly aided in his work of making this production by the well known cameraman, Lyman Broeking.

The story is about a little girl, Marian Morgan, by name, whose mother is dead and whose father is a confirmed gambler. She isn't brought up at all like ordinary children, but like the immortal Topsy, she "just grows up" and it is no thanks to her father that she blossoms into winsome young ladyhood.

**DOROTHY PHILLIPS
IS RETURNING TO
MAJESTY THEATRE**

Dorothy Phillips will soon appear at the Majesty theatre in "The Girl in the Checkered Coat," a sensational drama, in which she will be supported by Lon Chaney, William Stowell and a brilliant company of Bluebird photoplayers. In this feature Miss Phillips plays two different persons, sisters of entirely unlike natures. One is obsessed by criminal instinct, while the other girl is honest of purpose and hard working. Naturally the good girl wins out but not until she has undergone trying vicissitudes.

**MISS VIOLET
MERCEREAU
AT MAJES**

**Popular Star Appears In
Greatest Photoplay, "Susan's
Gentleman."**

Violet Mercereau, who will appear at the Majesty theatre on Monday Tuesday return to her host of admirers in Edmonton in the best picture she has ever presented to the public, "Susan's Gentleman," based upon Jordan's clever story of that her newest contribution to the photoplay. In this feature Miss Mercereau plays the dual roles of a girl, who gives her life to a child, and a woman who is born of a romantic marriage.

Miss Mercereau's recent coming to Bluebirds have set her a public favor among Bluebird fans. She was last seen in "The Girl in the Checkered Coat" and previous to that "The Honor of Mary Blake," a picture that marked the first of three films made for her by Edwin S. Lewis, the famous dramatic star.

To those who have read Kipling's story of the same name it will be remembered that "The Girl in the Checkered Coat" is a progress of the narrative. Becs Bevis Neville, who was in love with Nancy Croydon, mistress of C Hall, had cast aside the love of Tourette, a fascinating and so French widow. Ora designed to vened. Therefore she aided Nancy in her adventure with her groom, in Nancy's coming with her to America, and filling her artist heart to bitterness.

Then the real human interest with the arrival of a baby, a New York tenement. Nancy away to give life to Susan Fyri, heretage of a romantic and marriage. How Susan finally makes way back to Croydon Hall, the series of romantic adventures, tures gripping entertainment, it be enjoyed by all classes of far. On Wednesday and Thursday second of the Metro pictures, by the Famous Play and Playe production is shown. It is entire "Wager" and features Emily Stevens in a story of the old fashioned dramatic type, of the underwo the triumph of virtue. This is a full drama, with ten scenes arranged in interest. On Friday and Saturday the eighth episode of the serial, "The Voice on the Wire" takes the headline position.

Henry Stewart, of San Diego, who claims to be a world famous walker, who was an attraction of the late Panama California exposition, arrived in the city on Victoria day, walking from Vancouver via the C. P. R. to Kamloops, from there via the C. N. R. over the Yellowhead pass, and thence along the G. T. P. to Edmonton. His aggregate mileage, he says, is now 45,000 miles since Feb. 1st, 1910.

Before the war he says he has walked over Europe, British and French North Africa, the U. S. and was in London when the war was declared. He then came to America and walked through Quebec and resumed

THE BULLETIN ANNUAL AD-WRITING CONTEST

BAPCO

Of course everyone knows these words are expressive of

The Best Paint Made

but maybe someone who reads this may have an original idea of wording an advertisement which will in a still stronger way drive this fact home.

We offer one gallon of the very best BAPCO Floor Varnish, together with a brush, for the advertisement submitted during this contest.

It is well to remember that BAPCO PAINT, STAINS AND VARNISHES are made in Canada, and are sold from coast to coast.

Do You Want Five Dollars?

FOR the third year the Bulletin again holds an ad-writing contest. The great success that has attended this contest in the previous years has induced the merchants to offer a good list of valuable prizes, and we are expecting a host of answers. Contestants should bear in mind that prize winning advertisements need not be flowery, but should be practical ads that will be of value to the merchants.

Watch carefully each firm offering special bargains and note the special window features.

An Extra Prize of \$5.00 Offered

The Bulletin will give an extra prize of \$5.00 for the advertisement which in its opinion is the best of all advertisements submitted.

Professional ad-writers and employees of newspapers or printing offices are not eligible to compete. Advertisements for the various firms must be in the Bulletin office by noon Monday, June 4th, and the prize winning ads will appear Wednesday, June 6th.

"Do you like the hot sun, Uncle Wiggily?" asked Nurse Jane Puzzy. "I like the hot sun," he replied. "Not exactly."

Then why do you have your tent right out in the open? asked Nurse Jane. Why don't you have it in the shady woods?"

"Because, if I did," answered Uncle Wiggily, "I could not keep a good eye on the tree, and I am going to keep a good eye on the tree."

"I thought so," spoke Nurse Jane. "I am going to make matters more pleasant for you. I am going to plant a tree in front of your tent."

Today We Celebrate

QUEEN MARY'S BIRTHDAY

The British people are today celebrating in a quiet way the fiftieth birthday of Her Majesty Queen Mary of the United Kingdom and Empress of India. The queen is the first British princess to reign as queen consort in many centuries. She was born in Kensington palace on May 26, 1867.

But the queen's name is not only known to the British people, but also to the people of many other countries. She is the daughter of the Duke of Teck, who became the Duke of Clarence, and the Princess of Wales. She is the mother of the King of the United Kingdom.

since been permitted to go and is now in England with one of the reinforcements of the University battalion. The list of soldiers from this remarkable group follows:

Horace Warren, 51st, battalion. Killed in action in June, 1916. Lloyd Gainer, 138th, killed in action May 7th.

Harry Warren, 63rd, killed in action May 7th. Herbert Allison, 51st, killed in action May 7th.

W. Hughes, 151st, M.G. wounded in 13 places in head and neck by shrapnel at Vimy Ridge.

George Toller, 138, killed in action May 7th. Win. Huxley, 63rd, killed in action May 7th.

Alfred Vivash, 194th, killed in action May 7th. R. H. Benson, 342nd, killed in action May 7th.

Russell Hurlbert, 288th, killed in action May 7th. Norman Crisp, 194th, killed in action May 7th.

Herbert Gainer, 202nd, killed in action May 7th. Baden McPherson, 194th, killed in action May 7th.

Bruce Hughes, 151st, killed in action May 7th. The fresh casualty lists come in so fast that the members of the club are naturally proud of it and are endeavoring to live up to the high ideals already established by the club.

Every member of this group before leaving had accepted and taken as his ideal, the "Man of Nazareth." This was another simple and natural desire and duty, and it was simply and naturally done.

Consequently their friends need have no fear that they will forget to conduct themselves at all times like true men.

The "Joshuans" as a church group at the Y. M. C. A. have been taking the Canadian standard efficiency test course for their development as Christian citizens and leaders, and without doubt in the future life of this country they will be heard from frequently and favorably.

SENIOR BOYS' WESLEY This club is growing rapidly and will shortly be one of the best organized clubs in the city. They are entering a team in the Sunday School Baseball League and are practicing Wednesday and Friday evenings at 7 o'clock, on the grounds of the Oliver school. There is more room for new members in this class, and boys over 14 years old who are attending the High School will be given the opportunity of making a place on the team as soon as they have attended the required number of Sundays (four). The club will be organized on Wednesday, May 29th, and will be initiated as soon as possible.

There will be a meeting of the above club on Tuesday next, May 29th, at 7:30 p. m. Tom Hudson and U. Benson are exempt from attendance owing to business.

At a meeting of the St. Andrew's and St. Paul's clubs it was decided that the Excelsiors should form a baseball team of their own, but should combine with St. Andrew's to form a football team.

Our baseball captain is Tom Hodson and our secretary is Ted Hodson. The members of the team will be named later.

The Excelsiors had a snappy practice baseball game on Wednesday and they will meet the St. Andrew's club for another on Hoyle street grounds Friday, May 29th.

A new member, Pat Solway, was admitted on Tuesday and will be initiated as soon as possible.

KNOX CHURCH CLUB A meeting of the Knox Church Sunday school class was held on May 20th. It was decided at the meeting to organize a baseball team and enter the Sunday School Baseball League. The following officers were elected: President, Colin Fraser; secretary, David Williams. It was decided to borrow enough money from the Sunday school to float the club until the organization could be got into working order.

Letters to Uncle Tom

All Through Seeing

Dear Uncle Tom—I received my button and I am very proud of it. I saw in "The Bulletin" that you were away. I hope you had a good time. We are all through seeing and almost all the barley has come up. I did all the seedling the year. We seeded oats and barley. I will close now, wishing Uncle Tom and the members good luck.

Has Pigeons and Cats

Dear Uncle Tom—I received the badge and I like it very much. Thanks for it. We started school two weeks ago, and it has been raining since I started. When it is raining I can not go to school because it is too far. I have two miles to walk. My teacher's name is Miss McKinnon. She is the same teacher that I was in at school before. I have been going to school regularly. Sometimes my teacher is cross, but not very often. I am so glad summer holidays is coming. It is only about a month.

I hope to see this in print. I will close for this time. I will wear the badge wherever I go.

Today's Anniversaries

In the year 946 Edmund I., king of the Anglo-Saxons, was murdered by an outlaw named Liof. Despite his youth he was only 23 years old when he was killed. Edmund had distinguished himself for his personal courage. He had a taste for elegance and splendor and his court was kept on a magnificent scale.

On this day in the year 1708 Samuel Poppy, writer of the famous diary, died. In 1814, on this same date, there died in Paris Joseph Ignace Guillotine, a French physician, and the man responsible for the revival of the instrument known as "the guillotine." This machine is better known today under the name guillotine.

Will Prohibition Be Adopted As a War Measure?

An Investigation of the Results in Nineteen "Dry" States

Nation-wide prohibition as a war measure would affect everybody in the United States. The good results of such a policy have been praised continuously in the press of the belligerent countries, and are cited in America by prohibition advocates to explain the great strides of the "dry" movement in the United States during the past two years.

To get a true conception of what citizens of the "dry" States have experienced under prohibition law, THE LITERARY DIGEST made a strictly impartial inquiry in all the States that have had prohibition laws of one kind or another in operation for not less than one year. Two questions were asked of the representatives of public opinion in these commonwealths—the editors of the press: First: Whether In Their State Prohibition Is a Success? Second: Whether They Would Recommend It to Other States? From nineteen States, 157 replies have been received.

In THE LITERARY DIGEST for May 26th, the results of this nation-wide canvass is shown. This is the first non-partisan investigation of the kind ever made. The result is most illuminating, and will interest every one from brewers to bishops.

How the Motor-Truck Contributes to Patriotic Efficiency

24,000,000 horses consume the food produced on 120 million acres of land—that is capable of supporting 40,000,000 human beings. The great war will be won or lost by our food supply and Harry Wilkin Perry, in this number of THE DIGEST, shows how the use of the motor-truck will divert an enormous food-supply into channels where it will be most effective.

THE LITERARY DIGEST appeals to, and is carefully read by, manufacturers, business executives, progressive retailers, everywhere throughout the nation, and this number will be of particular interest to them inasmuch as all varieties of commercial vehicles are pictured and described. Prospective buyers of motor-trucks are especially urged to buy THE DIGEST this week and read these interesting announcements.

PERFECT HEALTH DUE TO THE BLOOD

No Girl or Woman Need be Constantly Ailing and Unhappy.

Nature intended every girl and every woman to be happy, attractive, active and healthy. Yet so many of them find their lives saddened by suffering—nearly always because their blood is to blame. All those unhappy girls and women with colorless cheeks, dull skins and sunken, lusterless eyes, are in this condition because they have not enough blood, red blood in their veins to keep them well and in the charm of health. They suffer from depressing weariness and periodical headaches. Dark lines under their eyes, their heart palpitates violently after the slightest exertion, and they are often attacked with fainting spells. These are only a few of the symptoms of bloodlessness. Nothing can secure girls and women from the inevitable decline that follows anaemia except a generous supply of new, rich, red blood, and nothing has ever proved so successful in creating red, good blood as Dr. Williams' Pink Pills for Pale People. Thousands and thousands of girls and women owe their good health and charming complexion to the use of this medicine. Here is one example of its power to cure. Miss Dorina Bastien, St. Jerome, Que., says: "For over a year my health was gradually failing, my blood had seemed almost to have turned to water, my cheeks were pale, my lips bloodless, and the slightest exertion left me breathless. I suffered frequently from severe headaches, my appetite failed, and my friends feared I was going into consumption. I had been doctoring but did not derive any benefit, and finally I had to give up my work and return home. It was at this stage that a friend brought me a box of Dr. Williams' Pink Pills and urged me to try them. By the time the box was used I thought my health was returning, my appetite had completely returned, my blood was restored, my color returned, my cheeks were rosy, and I was feeling better than I had been for years. I would urge every weak and ailing girl to give Dr. Williams' Pink Pills a fair trial."

These pills are sold by all medicine dealers or may be had by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

17-Year-Old Boy Who Burglarized Namayo Meat Market Sent to Fort

On a charge of burglary Omar Bentley was sentenced by Magistrate Carole, in the police court Friday morning, to eighteen months in the provincial jail at Fort Saskatchewan. Bentley was arrested last week on a charge of burglarizing the Namayo meat market. He is 17 years of age. When addressing the prisoner Magistrate Carole said: "You are a young man and evidently you have started well onto the way for a life of crime. It seems to me that the burglary was a well organized scheme. I have been very anxious to know what is the best to do with you. As you have given some information to the police I will give you some benefit for that. I will send you to the provincial jail at Fort Saskatchewan for eighteen months hard labor."

Ernest Palmer appeared to answer a charge of being drunk and in charge of an automobile and to neglecting to return to the scene of an accident, in which his car figured, to give his name and number. His car was laid over until next Wednesday morning. Palmer is alleged to have smashed a mail wagon early Friday morning.

HEALTHIEST ONE IN THE FAMILY

No Sign Of Dropsy And Kidney Trouble Since Taking "FRUIT-A-LIVES"

WILLIAM WARREN

Port Robinson, Ont., July 6th, 1916. "We have used 'Fruit-a-lives' in our house for over three years and have always found them a god medicine. Our little girl, Hattie, was troubled with Kidney Disease. The Doctor said she was threatened with Dropsy. Her limbs and body were all swollen and we began to think she could not live. Finally, we decided to try 'Fruit-a-lives'. She began to show improvement after we had given her a few tablets. In a short time, the swelling had all gone down and her flesh began to look more natural. Now she is the healthiest one in the family and has no signs of the old ailment. We can not say too much for 'Fruit-a-lives' and would never be without them."

IN THE WORLD OF LABOR

There is an interesting little story, reminiscent of early labor troubles, told of the forming of the Edmonton local of the Bricklayers and Masons' Union. It happened in 1903, and a meeting having been called for the purpose of discussing the idea of organizing a branch of the union in the city, the gathering took place in the room of a local hotel. The proprietor, however, having got wind of the object of the meeting, was asked to leave the premises. As there was no other place convenient, an adjournment was made to the bank of the Saskatchewan, and here the Edmonton local of the Bricklayers, Masons and Plasterers' International Union of America was organized, and has since gone on its way to the present day, cheerfully surmounting all obstacles that have come in its path, much in the same manner as this initial difficulty was dealt with. The Bricklayers and Masons was one of the first of the local labor unions to be established in the city, and those present at the meeting and the charter members include the names of some of Edmonton's well known business men of the present day. Alike with the other labor organizations in the city, the local has done successful work in protecting the interests of its members and maintaining the standard of wages. In Edmonton the rate per hour for all three classes of tradesmen is 75 cents, and in this city is just a little behind Calgary, as in that city after July 1st, the rate will be advanced to 80 cents per hour. Just now in the city and for some time past there has been no great stir in the building trade, and in consequence the membership has fallen off, as the men have been compelled to seek employment elsewhere. The war, too, has taken a heavy toll of the members, and between 60 and 70 men from Edmonton alone are now overseas. There are now two locals in Edmonton, one on the both the north and south sides of the river, but it is expected that before long the two will be amalgamated, and south of the river the members will come over to the meetings at the Central Labor Hall. The locals are also organized into state and provincial conferences. The International Conference of Manitoba Saskatchewan and Alberta has jurisdiction over the three prairie provinces. The president is J. V. Monaghan of Calgary, and the secretary, J. T. Briscoe of Edmonton. As showing the effectiveness of the organization and of the methods employed, all grievances are usually settled without resort to strikes, and not one cent has been levied for strike pay during the last 17 years.

THE history of the International Union goes back to the year 1881, when at Philadelphia, on October 17th, its foundation was laid by seven representatives of two Philadelphia and Baltimore associations of bricklayers. The first convention was held in Baltimore in 1888, when the name "International Union of Bricklayers of North America" was adopted. The first Canadian local was chartered in 1880. Following the expansion of the union, other trades were included, and at Providence, in 1883, the name was changed to the "Bricklayers and Masons' International Union of America." International agreements with the large contractors of the United States were endorsed in 1901, and following further expansion, the plasterers were finally included, and in 1910 the name was again changed to the "Bricklayers' Masons' and Plasterers' International Union of America."

In 1912, alliances for offensive and defensive purposes were entered into with the Brotherhood of Carpenters and Joiners, the International Union of Steam and Operating Engineers, and the Journeymen Stone Cutters Association of North America. Marble masons were also brought under the jurisdiction of the union in the same year. At the present time there are over 950 local unions in good standing. President Wilson is an honorary member of the organization, as was ex-president Cleveland and McKinley. Ex-presidents Roosevelt and Taft also carry honorary membership cards. The union instituted a pension scheme in January, 1915, and as a result over a quarter of a million dollars is being paid out annually in pensions. Previously a death benefit was inaugurated in 1910, and up to June 30th, 1916, the sum of \$1,000,000.13 had been paid out to beneficiaries.

GOING back to the early days of the Bricklayers' Union, it is of interest to note that the first year's receipts were \$31.25, and the expenditure \$24.85. A monthly journal of the craft was commenced in 1886, the object of both being increased wages and both were won. In the spring of 1887 attempts were made in a dozen cities to cut wages and break up the locals, but all were successfully resisted, and in the following year the plasterers members of New York and Brooklyn were working eight hours per day without trouble of any kind. At the 1889 convention the organization went on record in support of "Women's Rights." The International President, W. J. Bowen, is an American, and was elected to the position in 1904, at that time being 32 years of age and the youngest man ever elected to the office of president of any International labor organization. The general secretary, William Dobson, was born in Hull, England, but emigrated to Canada at the age of 16. When 18 he brought his mother to Canada and they settled at Toronto, where William was apprenticed to the stone mason trade, and when 31 he was chosen as secretary to the local.

A MASS meeting of workers, under the auspices of the Edmonton Trades and Labor Council, will be held in the Albion Hall, Elizabeth street, on Wednesday, May 30th, at 8 p.m. The object of the gathering is to secure the Factory Act and other legislative questions, also the movement on foot to secure a weekly half-holiday for all workers. The last named is a subject in which the members of the Retail Clerks' Protective Association are particularly interested and is brought forward as having their special support.

WORKERS meeting at the Central Labor Hall on Wednesday night succeeded in setting on foot a Labor Representation League for the city. Although the movement was instituted by the Trades and Labor Council, the league is an entirely independent organization, and owes no allegiance to that body or any party. The platform as adopted is a wide one, and by some might be termed all-embracing in the way of proposed reforms, but the primary object is to secure separate representation for labor on all public bodies. After that it is presumed that the other will follow. There is one point on which some stress is placed—the league asks for the absolute faith on the part of members towards the candidates who the league may put up for election. Failing this, any member may look for speedy expulsion from its ranks. It is altogether unlikely that any candidate will be put in the field at the present provincial election, but from statements made at the meeting, in the event of a Dominion election coming along shortly, the league hopes to be in shape to take a hand in the business. Another meeting will be held at the Central Labor Hall on Monday evening next when officers will be elected.

NEWS of the further progress of labor organization in the city was given at the Trades and Labor Council meeting on Monday night, when Secretary Farnham announced that the city firemen had been organized and expected their charter this week, also the civic laborers. This last is the beginning of a move to organize all laborers in the city. With the organization of the city firemen it may be expected before long there will be an application for some changes in the system under which the fire department is worked. As for other developments in the city, it is not unlikely that a union embracing the formation of a union embracing the school teachers will be announced before long. After, there are likely to be others.

GEORGE TAGGART FOUND DEAD

Conjuring Creek Boy in France Had Premonition of Disaster

Walter Sangster, Whose Parents' Home Was Destroyed by Fire Recently, Wrote Home Regarding Vivid Dream Which Corresponded Closely to What Actually Happened a Short Time Later.

So frequently have the dreams of soldiers later become verified, by facts that an impression has gained ground in Western Canada that these dreams invariably come true. One of the most remarkable instances of this nature is reported from Conjuring Creek, thirty-five miles to the southwest of Edmonton, where a fire of mysterious origin last week destroyed the large frame farm house of John A. Sangster, the loss of all the contents, including the district post office and the rural telephone exchange for a wide territory.

Recently in a letter received from his only son, far some months at the front, Private Walter Sangster told his parents of his concern about their welfare owing to a vivid dream he had not had. In the vision he saw the home struck by a shell and immediately after the house was consumed by fire from which he thought his people barely escaped. The scene while his parents were in the yard watching the blazing building was vividly before him and in his fancy he heard his mother's voice calling as clearly as if she stood beside him in the trenches.

At first the dream was taken as some strange premonition of the serious operation which was required to be performed upon his mother at about that time. However the fire came and with the elimination of the shell as the cause of the disaster the scene which came before Private Sangster in his dream was duplicated in every detail. The family, which consisted of Mr. and Mrs. Sangster, the latter's mother, Mrs. Hamilton, and an 11-year-old nephew, Walter Kennedy, was aroused barely in the nick of time to escape from the upstairs where they were sleeping. The nephew must surely have perished if Mrs. Hamilton, who is over 80 years of age, had not been awakened by the flames and warned the others.

Considerable praise was given by the one hundred or more telephone subscribers on the Conjuring Creek rural system to the provincial departmental officials who, after being notified early in the morning following the fire, had a temporary exchange installed and working within six hours following receipt of the news that the central had been burned out.

Reasons for Studebaker Supremacy in Canada

Studebaker is the foremost Made-in-Canada automobile because Studebaker cars stand up and give the service on Canadian roads.

The Series 18 Studebakers are even better than the Series 17. They are maintaining the leadership the Series 17 established throughout the Dominion.

They embody ninety distinct improvements in mechanical construction, convenience and comfort over the Series 17.

They offer all the improvements, all the refinements suggested by four years' close study of the performance of 30,000 Studebaker cars in every part of the world. In them the many economies made possible by vast resources, the savings obtained through the development of steadily improved manufacturing methods and the installation of the latest and best labor saving machinery are turned to your advantage.

That is why Studebaker cars are most economical to buy. They are economical to operate because Studebaker quality reduces "up-keep" to its lowest possible terms. And they are economical to drive because of great gasoline economy in ratio to power, because of great tire economy in ratio to weight and carrying capacity.

Let us give you a Studebaker demonstration today.

**WHY DREAD
OLD AGE?**

It should be the pleasantest time of life and if coupled with good health it is. Many of our most remarkable men and women have won fame and prominence after reaching the sixties, and in lots of cases they have not been robust in youth.

The secret of health in old age is the prevention of bowel disorder. Constipation is the foe to be dreaded. Care in diet is necessary, also the avoidance of harsh cathartics, which only aggravate the trouble.

**The ideal laxative for aged people is

GERMANS CAPTURE FOUR SWEDISH SHIPS

They Were Taken in Gulf of Bothnia, Says Russian Official Agency

Petrograd, May 25, via London.—Four Swedish steamers, bound for Russia, have been captured by a German submarine in the Gulf of Bothnia the official news agency announces. Owing to the presence of submarines, it is added, traffic between Finnish and Swedish ports has been suspended.

A Copenhagen dispatch on May 25 carried a report from Stockholm that three Swedish steamers, but best captured by the Germans off Oerikder light house and taken to a German port.

AGREE TO STOP RACING AT END FALL MEETINGS

Deputation of Racing Men Wait Upon Federal Minister of Justice

Ottawa, May 25.—The passage of a bill to stop racing in Canada during the duration of the war may not be necessary if a proposal made by a number of representative racing men who waited upon Sir Robert Borden and Hon. C. J. Doherty, minister of justice, is accepted by the government. The racing men offered to put a complete stop to racing after the fall meets are held this year and told the government that if this was agreed to, it would not be necessary to introduce legislation for they were willing to promise that no track fixtures would be arranged for next summer or until after the close of the war.

In regard to the proposal to stop racing after July 1, it was pointed out that the various racing associations have entered into arrangements with jockeys and others and all arrangements have been made for the holding of the fall meets. Should these be discontinued considerable financial losses would exist. The government promised to consider the proposal.

The horsemen who saw the prime minister included W. P. Fraser, secretary of the Ontario Jockey Club; Geo. Hendrie, who owns a track at Windsor; S. McBride and Charles Miller, of Toronto, and Roderick McKensie, of Winnipeg.

LEAVE FOR VALCARIER.

Alberta Boys in Casualty Lists

Pte. Fred Thornber

Pte. Fred. Thornber is another Edmonton boy who has been awarded the military medal for distinguished services at the front. He has a host of friends who are proud of the achievement. Pte. Thornber is reported to have been wounded in the Vimy fighting, when the Canadians wrested that stronghold from the Germans, but as the wound is described as a gunshot wound in the left arm it is sincerely hoped that his recovery will be a matter of a very short time.

Pte. Thornber was born August 14, 1896, in England. He enlisted August 10th, 1916, in an Edmonton battalion and left for overseas April 1st, 1918. Shortly after arriving on the other side he transferred to a Highland battalion and was shortly afterward sent to the trenches. He was wounded April 10th, 1917. He was admitted to the 25th general hospital at Etaples. Before enlisting he was employed as a checker on the C.N.R. A few days after his name appeared in the casualty list as wounded the report was cable over that he had been awarded the military medal. The reason for the award has not yet been stated here. Pte. Thornber's only relative in the city is Miss Thornber, who is employed at the Regal fruit store.

Pte. Chas. Oldfield

The wounding of Private Charles Oldfield at Vimy Ridge on April 21st brings to light another Edmonton family which is assuredly doing its share toward the overthrow of Prussianism in all its forms. The mother, Mrs. C. R. Oldfield, of 2505 104th ave., has received word from Ottawa that Charles is suffering from gunshot wounds in the head and is seriously ill at the general hospital at Camiers.

Charles R. Oldfield, the father, is now in the Strathcona military hospital recovering from the effects of German gas received in June, 1916. He went overseas with the first draft of the 51st battalion in 1915.

David, another boy of the family, after three unsuccessful attempts to enlist joined the 210th battalion in Moose Jaw as bugler and is now in England. Although a man in stature he was but 16 years of age.

A son-in-law of Mr. and Mrs. Oldfield, Sergeant John Morrison, went from Edmonton with the 51st battalion, and is now in England, having been wounded on September 7th, 1916.

The Oldfield family came to Edmonton from England in 1910. Charles, who was wounded at Vimy Ridge, is but 18 years of age and went with the 18th as bugler. Upon arrival in England he found that as a bugler his chances of reaching the front speedily were not particularly bright so he obtained permission to go to France as a private.

NEXT FOUR WEEKS MAY DECIDE FATE OF RUSSIANS FOR YEARS TO COME

Members of Government Are Optimistic—Few Weeks Will Show if There is Good Basis.

Petrograd, May 25, via London, May 25.—Negotiations which are still proceeding between the allied ambassadors and the Russian foreign minister on the question of the allied war policy and the revision of treaties have been marked by a spirit of good will on both sides and a desire to understand the relative standpoint, but while it is anticipated that certain aspects of the allied policy, so far as they directly affect Russian interests, will be revised, there will be no general definite change in the allied policy. Meanwhile the next four weeks, which may be decisive of the future of Russia for years to come, are awaited with considerable anxiety. Members of the government are optimistic regarding the future of Russia, which will show conclusively whether their optimism has any justification.

A bulletin of the council of workmen's and soldiers' delegates insists on the necessity of Russia "preventing the destruction of the allied armies. The council has apparently persuaded itself that the allied armies are in imminent peril, for the journal goes on to state: "By the strength of our organized pressure we will compel the allies to give decisive repudiation of all aims of conquest in the war."

In distinct contrast is a speech of General Alexieff, in which he says: "Where is that strong power which the country desires? Where is the mighty power which would compel each citizen to perform honorably his duty to his country? We are told all will be well, but meanwhile our former traditions of loyalty to our country have been replaced by a tendency to 'peace and ease instead of activity, and these instruments have begun to speak of preservation of each soldier's life."

WOMEN OUT ON STRIKE IN PARIS

They Ask For Saturday Half Holidays and Also Bigger Wages

Paris, May 24.—The strike of women workers spread rapidly today and met with considerable success. The milliners, furriers, lace makers, embroiderers, water proofers and feather workers are out. Employees of several department stores today reached an agreement with the management regarding Saturday half-holidays and extra pay on account of the high cost of living.

Similar demands by bankers' and brokers' clerks were accepted by a number of houses, but are being resisted in other cases. The butchers, waiters and grocers' unions are considering joining the strike. Representatives of the employees and workers of the fur trade reached an agreement tonight and work will be resumed tomorrow.

FRANCIS TUPPER IS SHOT WHILE ON VISIT TO HIS HOME

Brother Archie Tupper is Held by Police On Shooting Charge

Halifax, N.S., May 25.—Archie Tupper, of Milton, N.S., 46 years of age, yesterday morning is alleged to have fired three shots from a .38-calibre revolver at his brother, Francis, 38 years old. One shot took effect, passing through the shoulder, and Francis is in the hospital.

Francis Tupper is a civil engineer. He had lived in the west for 13 years and recently returned to his home for a visit. The shooting followed a quarrel between the brothers. Archie Tupper was arrested.

ANOTHER LOAN TO GREAT BRITAIN

Washington, May 25.—Another loan of \$75,000,000 was made to Great Britain today by the United States, bringing up the total loaned that nation thus far to \$400,000,000, and the total of loans to all the allies \$745,000,000.

A payment of \$75,000,000 also was made to Italy today as part of the \$100,000,000 loan announced some time ago. The Italian government already has received \$25,000,000 of the loan.

Keeping the Boys and Girls Contented

A Ford car will give your boys and girls so much additional pleasure and enjoyment that they will be more satisfied to remain on the farm. They may then enjoy all the pleasures of city life and still live at home.

For a trip to a distant house party, a quick run to the nearest town or city theatre, or a quiet ride to church—the Ford does it all.

Buy a Ford and note the new interest you take in life. You will find your Ford always ready for a spin on either business or pleasure.

If you have a "problem" in keeping your boys and girls at home, try to solve it the Ford way, you'll find life more worth living. Work on the farm will be easier, because you have more pleasure to go with it.
